CENTRAL RELIEF FUND.

Précis of the Proceedings of the Executive Committee from 4th June 1874 to 11th July 1874

MEETINGS were held on the 11th June, 22nd June, 2nd July, and 6th July. Up to the 1st July the receipts of the fund were—

The Committee finding that the funds placed at their disposal by the liberality of the public in England and in India enables them to do so, have undertaken to carry out the following measures of charitable relief in all the districts of Bengal where the people are suffering from the failure of last year's harvests, namely—

To provide useful employment for those people who are in need and are able to work, by instituting minor relief works and providing other employment, such as spinning, weaving, husking rice, &c.

To provide in such manner as may be considered best in each particular locality for the relief of persons whose caste usages and feelings preclude the adoption of a labor test; women of good family and others who may be in distress. Relief for this class of persons may be afforded either gratuitously or partly gratuitously, by the sale of grain under the market rates, or due precautions by the advance of money or grain to be subsequently repaid.

The Committee have also agreed to bear all charges for money allowances given in addition to grain doles everywhere, for all clothes and petty comforts given to paupers, and relief hospital charges in all districts. The Committee will also notify to all committees and relief officers their readiness to make grants for rebuilding houses, buying cattle, and giving a small donation at the end of the famine to all absolute paupers.

The Government having undertaken the duty of providing food for the people in the districts of Tirhoot, Chumparan, Bhagulpore, Dinagepore, Rungpore, and Maldah, where, owing to the almost entire failure of the autumn and winter crops, the effects of the famine are felt in their severest form, no charges will be incurred by the Committee for the purchase of grain in these districts, all that they may require for charitable purposes being supplied to them free of cost from the Government stores; but in other tracts, where the effects of the failure of last year's harvests are less severe, and the distress not so great, the Committee have agreed to devote a portion of the funds at their disposal to the purchase of grain for gratuitous distribution, in addition to undertaking the other measures of relief already enumerated.

4. In addition to the quantity above advertised for sale, the following quantities, more or less, of Behar and Benares Opium will be brought to sale in the present year on or about the dates specified below. The Member-in-Charge of the Opium Department, however, reserves to himself the right of altering these dates, should circumstances render it expedient to do so :—

In addition to a grant of Rs. 20,000 made by the Committee for the relief of persons suffering from the effects of scarcity of food and high prices in the Burdwan district, the Committee have placed the sum of Rs. 5,000 at the disposal of the Commissioner for charitable expenditure on the fever-stricken people of that district, the whole of the funds raised by local subscription for this purpose having been exhausted.

In the last précis it was stated that the use of the Manchester funds was for the present in abeyance, pending a reference to the Manchester Committee as to whether the way in which the Central Committee proposed to use the money was consonant with the intentions of the subscribers. It was thought that if the Committee charged itself with all the relief required beyond the bare support of life, a duty which had been undertaken by the Government, the wishes of the Manchester subscribers would be met. This expectation has been justified by the receipt of a telegram from Manchester agreeing to the Committee's proposal.

Replies have been received from the Relief Committees of the North-Western Provinces and Oudh to the offers of help made by the Central Committee. The North-Western Provinces Committee have no need of assistance at present, but propose to take advantage of our offer should the present season prove unfavorable to agriculture. The Oudh Committee made a requisition for Rs. 7,000, which has been complied with.

The Chairman, the Hon'ble V. H. Scholch, c.s.i., having left Calcutta on privilege leave, the Hon'ble John Inglis, c.s.i., will, during his absence, be Chairman of the Executive Committee.

The 27th August 1874.—The following Circular, issued by the Comptroller-General, is published for general information :—

No. 533, dated Calcutta, the 3rd August 1874.

From—H. A. MANGLES, Esq., Officiating Comptroller-General,
To—All Accountants-General.

From replies which have lately come to hand from various parts of India, it appears to be advisable to put before District Treasury Officers, in a concise form, the various concessions which have been granted by the Government of India in order to make the Paper Currency more generally convertible and so more popular.

2. They are—

- (1) That the notes of a Paper Currency Circle should be cashed at every Treasury (district or sub-divisional) within the Circle up to the available means of the Treasury, *i.e.*, to whatever extent they can be cashed without embarrassing the Treasury.
- (2) That notes of all Presidencies and Circles should be received at every Treasury (district or sub-divisional) in payment of Government demands, and should be cashed at every Treasury (district or sub-divisional) for the convenience of travellers.
- (3) That notes which in this way or otherwise reach a Government Treasury should be freely issued in exchange for coin or in discharge of Government obligations.

3. It has frequently been represented that difficulties have been thrown in the way of persons desirous of obtaining cash for notes at treasuries, and even that commission has been demanded for the accommodation. To prevent any possibility of such complaints in future, a form of notice in English and the Vernacular should be hung in some conspicuous place, so that all may see whether the accommodation is available.

4. To remove all possibility of complaint on the part of Officers in charge of sub-divisional treasuries of the risk incurred in cashing notes to the public, it is suggested that each subordinate treasury be provided with a new home circle note of each denomination with which to compare all notes presented for encashment. These notes would of course form part of the Officer's cash balance, but they should not be considered as available for issue to the public or for remittance to the Sudder treasury.

5. Treasury Officers should be reminded that although it is the rule and is desirable to register the name of the person from whom a note of Rs. 50 or upwards is received, or to whom it is paid, yet that the rule should be complied with only when the name of the presenter or receiver is known or is voluntarily given. The Government of India has directed that Treasury Officers must not demand such information, nor put any questions to parties tendering or receiving notes.

6. In the Resolution of the Government of India on the operations of the Paper Currency Department during the year 1871-72, the President in Council noticed "with satisfaction" the remarkable increase of note transactions at Government Treasuries in the interior during that year. It should, however, be remarked that though considerable progress was made in that year's transactions as a whole, yet that little has been done as yet in this direction out of Lower Bengal and Madras, and that, therefore, great opportunities are still open to Treasury Officers in the North-Western Provinces, Oudh, Punjab, Bombay, Central Provinces, and British Burmah, to meet the wishes of Government.

7. By the latest published figures the increase during the last four years has been—

At Treasuries under Government of India	2 lakhs.
" " in Lower Bengal	412 "
" " in N. W. Provinces	73 "
" " in Oudh	14 "
" " in Punjab	22 "
" " in Madras	153 "
" " in Central Provinces	24 "
" " in British Burmah	9 "
" " in Bombay, a decrease of 87 lakhs.			

8. I enclose spare copies for transmission to District Treasury Officers and other Officers of the local Government under the arrangement made in my letter No. 1557, dated 3rd February 1871, and spare copies of paragraphs 1, 2, 3, 4, and 5, for transmission by District Treasury Officers to the Officers in charge of sub-divisional treasuries.

H. J. REYNOLDS,

Offg. Secy. to the Govt. of Bengal.

NOTIFICATION.

The 26th August 1874.—Under the provisions of Section 11 of Act VII of 1864, the Lieutenant-Governor of Bengal has been pleased to direct that the following rule be substituted for Rule 32A, at page 8 of the Salt Manual, issued under date the 13th July 1870. The present rule is therefore notified for general information:—

Rule.—"If salt originally intended to be taken out of the excepted limits described in clause 4 of the Government Notification at page 2 of the Manual under a special pass be landed in such limits for the convenience of the trade, the alteration in the destination must be reported to the Board's Office, and the special Rowannah returned within 48 hours from the time that the salt was landed. The owner, however, shall be at liberty to refer to it in taking out protective documents for such portion of the salt as he may subsequently determine on removing within limits. Should a portion only of the salt originally covered by the special Rowannah be landed or sold in the aforesaid excepted limits, an exchange Rowannah after the manner provided in Section 28 of these rules, must be taken out to cover the remaining portion of the salt which goes out of such limits. Any person failing to comply with the provisions of this rule as regards the return, within the period of 48 hours, to the Office of the Board of Revenue, of the special Rowannah in the case hereinbefore mentioned, in which this document is no longer required as a protection for the salt specified therein, shall be liable to a fine not exceeding Rs. 500."

"Certificates taken out for the removal of salt from shipboard, or from bonded golas, to places within the excepted limits, must also be returned to the Board's Office within 48 hours from the time the salt is landed in such places; and the holder of any certificate who fails so to return it, shall be liable to a fine not exceeding five hundred rupees."

NOTIFICATION.

The 31st August 1874.—It is hereby notified for general information that the following readjustment of the Moonsiffie jurisdictions in the District of Gya has been sanctioned, and will take effect on the reopening of the Courts after the next Dusserah vacation:—

Instead of three Moonsiffies as heretofore, there will be only two Moonsiffies in the District, viz.—the Sudder Moonsiffie of Gya and the Moonsiffie of Aurungabad. The Moonsiffie of Nowadah will be abolished.

Thana Sherghotty will be included in the Sudder Moonsiffie of Gya, which will make the jurisdiction of that Moonsiffie conterminous with that of the three following sub-divisions:—

Sudder Sub-Division.	Jehanabad Sub-Division.	Nowadah Sub-Division.
----------------------	-------------------------	-----------------------

Thana Daoodnaggur will be included in the Moonsiffie of Aurungabad, which will make the jurisdiction of that Moonsiffie conterminous with that of the sub-division of Aurungabad.

RESOLUTION.

GENERAL DEPARTMENT.

SECTION B.

Calcutta, the 22nd August 1874.

READ—

Resolution in the Financial Department of this Government, dated 22nd April 1873, regarding the provision of executive establishments to sub-divisions.

Rules for the Instruction and Examination of Candidates for the Native Civil Service, dated 22nd April 1873.

Report by the Superintendent of the Subordinate Civil Service Examination of the result of the examination held in March last at Hooghly, Patna, Dacca, Cuttack, and Gowhatty.

This office letter to the Director of Public Instruction, dated 10th October last, prescribing the revised rules for the Native Civil Service Examination of 1865, and for the regulation of the Native Civil Service Classes.

LISTS of the candidates who passed at the Native Civil Service Examinations which were held during the month of March last at Hooghly, Patna, Dacca, Cuttack, and Gowhatty, have already been published in the *Calcutta Gazette*.

2. Of 423 candidates who obtained permission, 385 actually appeared and were examined. Of these 67 were declared by the examiners to have passed in the higher grade and 132 in the lower grade. One more candidate has been passed in the lower grade on the recommendation of the Superintendent of the Examinations. The total number of passed candidates is 200.

3. Of the candidates who passed in the lower grade, nine having passed with distinction, have been placed, at the special recommendation of the Superintendent of the Examinations, in the higher grade, making a total of 76. Of these 38 having fulfilled the requirements of paragraph 4, Part II, of the Rules for the Instruction and Examination of Candidates for the Native Civil Service, dated 22nd April 1873, have been placed in Class I and declared eligible for all appointments in the Subordinate Civil Service. The remaining 38 candidates have been placed in Class II, and will become eligible for all such appointments on their serving for one year in appointments of less value than Rs. 100 per mensem, for which they are now declared qualified.

4. The remaining 123 who passed in the lower grade, and the one who has been specially so passed, have been placed in Class III, and are declared qualified to hold appointments of less value than Rs. 100 per mensem.

5. The Commissioners to whose divisions the second class men of the examinations of 1873 were allotted, have been desired to report on their qualifications. If they are found deserving, they will be declared to be eligible for all appointments.

6. Two of the candidates who have passed in the first class are natives of Assam, and are anxious for employment in that province. Their cases will be brought to the notice of the Chief Commissioner of Assam, and a copy of Mr. Grimley's remarks regarding these two candidates in paragraph 6 of his report will be forwarded for the information of the Chief Commissioner.

7. Baboo Nundkishore Dass, Deputy Magistrate and Deputy Collector, and Bhoonya Abdoor Ruhman Khan, Sub-Deputy Collector in Orissa, who were appointed to their respective offices subject to passing the Native Civil Service Examination, and have passed in the higher grade, are now confirmed in their appointments.

8. The Superintendent of the Examinations recommends that a silver medal be awarded to Baboo Lolitmohun Dhur, the first on the list of the passed candidates. The Lieutenant-Governor has already, in recognition of the merits of this native gentleman, conferred on him an appointment of acting Deputy Magistrate and Deputy Collector, and he considers this, under the circumstances, the more appropriate form of reward.

9. Another passed candidate of this year, Baboo Omoollo Churn Mullick, who was formerly a member of the Subordinate Executive Service, but removed for failure to pass the departmental examinations within the prescribed time, has, in accordance with the promise held out to him at the time of his removal, been appointed to act as a Deputy Magistrate and Deputy Collector.

10. Forty other candidates have been appointed temporary Sub-Deputies or Relief Superintendents in connection with the present famine relief operations, since the date of the examination.

11. The following is an abstract of the allotment which has been made of the passed candidates, exclusive of the two passed candidates who will be recommended to the Chief Commissioner of Assam :—

Division.	1st class candidates.	2nd class candidates.	3rd class candidates.
Burdwan	5	5	14
Presidency	6	6	13
Rajshahye	6	8	13
Cooch Behar	1	0	4
Dacca	4	4	12
Chittagong	2	4	10
Patna	5	3	25
Bhagulpore	3	3	15
Orissa	2	2	7
Chota Nagpore	2	3	11
Total	36	38	124

12. A list showing the names of the candidates allotted to the different divisions has been already circulated with this office Circular No. 12E, dated the 14th instant. They are recommended to report themselves to the Commissioners of the divisions to which they are assigned. Any candidates who wish to exchange by mutual arrangement with other candidates placed in the allotment list, may jointly apply to Government for permission to do so within a month of the publication of this resolution. Commissioners who have exhausted their own lists may select men from the other lists with the consent of the Commissioner to whom the candidate has been allotted.

13. The attention of Commissioners is drawn to the following extract from the Native Civil Service Examination Rules now in force :—“ Lists of successful examinees will be published in the *Gazette*, so that Commissioners, Magistrates, and Educational Committees, may select for ministerial or other appointments passed candidates for whom vacancies in the Native Civil Service may not be immediately available.”

14. Detailed lists showing the past service, the University or other attainments of each candidate, and the special subjects in which he passed, will be forwarded to Commissioners.

15. Unpassed candidates who were temporarily admitted to appointments pending the result of the late examination, or who were appointed subject to passing at that examination, and have failed to do so, should be now replaced

by passed men. The attention of all Commissioners of divisions is requested to this order.

16. It is to be understood that the appointments which have been made or may be made of men who have never before served Government are on probation for a year, and that their confirmation will depend on the practical efficiency shown by them. The District Officers will report on this point through the Commissioner after the expiry of a year. Their attention is drawn to paragraph 18 of the Resolution in Financial Department of 22nd April 1873. The reports now overdue should be submitted at an early date to the address of the Secretary to this Government in the General Department, Section B.

17. The Superintendent of the Examinations has recommended that thirty-seven of the candidates who have failed, but who have attained the passing standard of marks in certain subjects, may, if they appear at the next examination, be exempted from examination in those subjects. The proposal is, however, opposed to the principle on which these examinations have been hitherto conducted, and does not commend itself to the Lieutenant-Governor.

18. Mr. Grimley has also suggested that Messrs. Swinden, Babanau, and Lloyd, be considered qualified for appointments in the Opium Department, as they have succeeded in passing in some of the subjects which are obligatory for opium candidates. There are, however, other considerations which regulate the special nominations required under the rules for opium appointments, and the Lieutenant-Governor is not prepared to adopt the proposals made in favor of these gentlemen. Their success in the subjects in which they have passed qualify them for the general service, but gives them no claim to be admitted to the Opium Department.

19. As explained in the letter to the Board of Revenue, No. 1157G, dated 28th October 1872, candidates for opium appointments are required to pass in—

|----------------|-------------------------------------|
| 1. English. | 4. Law (opium laws and rules, &c.). |
| 2. Vernacular. | 5. Chemistry. |
| 3. Surveying. | 6. Botany. |

They are not required to pass in engineering or drawing. Apparently there has been some confusion from a misunderstanding of the rules in the recent examinations. In future when special permissions are given to candidates for the Opium Department, they will be informed of the rules which regulate their examination.

20. Mr. J. W. H. Dalrymple Clark, who was appointed to act as Assistant Superintendent of Police, subject to passing the examination for police appointments, has passed very successfully in criminal law, but has failed in other subjects. He was only nominated in November last, and has had but little time for preparation. He has lately been employed on distant duty in connection with the famine relief operations in Julpigoree, and under these circumstances will retain his present acting appointment subject to the results of the next examination.

21. The total amount of fees received from candidates at the late examinations is Rs. 9,060. The sum of Rs. 3,704-5-3 has already been disbursed, debitable to the receipts on account of fees. The propositions submitted by Mr. Grimley for remunerating the examiners and other gentlemen who have assisted in the late examinations are sanctioned. In addition, it is necessary to provide some remuneration for Mr. Grimley for his share of the work performed by him as Superintendent of the Examination subsequent to the date of his assuming charge of the office of Secretary to the Board of Revenue on the 13th April, when the special allowance, which he had drawn at the rate of Rs. 1,000 a month from the 15th January last, ceased. Mr. Grimley's labors have not been light, and he has performed the duty very satisfactorily. The Lieutenant-Governor is pleased therefore to pass to him a further remuneration of Rs. 500 a month for two months from the 13th April last. The further expenditure thus sanctioned amounts in all to Rs. 4,503, and is shown in detail in the statement appended to this Resolution.

22. The thanks of Government are due to Mr. Grimley and to the gentlemen who were associated with him in conducting the examination; and the Lieutenant-Governor has much pleasure in acknowledging the services which have been again rendered in the matter by Messrs. Sutcliffe and Thwaytes and by other gentlemen in the Educational Department.

23. The Lieutenant-Governor regards the general outturn of these examinations with satisfaction, as showing that the system is duly appreciated by the educated classes, and that increasing numbers are endeavouring to qualify themselves by study and experience.

24. But it must be borne in mind that the result of the past examination, and of those which were held on two previous occasions, has been to render 376 gentlemen eligible for appointments. The appointment to sub-divisions for the first time of subordinate executive officers has enabled Government already to provide almost all those passed on previous occasions with suitable posts, and in this year the necessities of the famine have rendered available a considerable number of appointments for the men who have passed this year's examination. In the future, however, the requirements of the Government service will be on a much smaller scale. Including temporary and officiating appointments, the approximate number of officers of the higher grade in the services for the supply

Deputy Magistrates and Deputy Collectors	...	232
Sub-Deputy Collectors	...	114
Subordinate Executive Service in Non-Regulation Provinces	...	29
Total	...	375

of which these examinations were specially organized is 375, as in the margin. Excluding temporary posts, there are only 100 appointments of the lower grade of such a character as passed candidates would be likely to accept in

the sub-divisional establishments. To these must be added whatever appointments Magistrates and Educational Committees may put at their disposal. Taking all these into account, it is not likely that the number of vacancies in appointments of both grades will exceed 15 on an average yearly. And it is to be remembered that under the rules it has been distinctly laid down that a passed candidate is not entitled by his success to an appointment under Government, but is only eligible for such appointments as vacancies arise. It is not, therefore, absolutely obligatory that all the appointments which may fall vacant shall be conferred on the gentleman selected from among the passed candidates. The selection of Government is not entirely limited to the list of those who have succeeded at these examinations. The Lieutenant-Governor though quite desirous of maintaining the principle of the existing rules, yet deems it expedient to state these circumstances, lest expectations should arise to an extent which Government may be unable to fulfil.

25. From what is above stated, it appears that already there are many more passed candidates for appointments on the Government lists than Government can ordinarily hope to provide for in the next two years. In the rules which have already been published for the examination which is to be held in the early part of next year, some provision has been made with a view to reduce the number of those who can present themselves for examination, and further proposals have been made for effecting this in a greater degree eventually. The Lieutenant-Governor apprehends that it may become necessary to make some limitation of the rule under which candidates obtaining a certain number of marks on different subjects are qualified for appointments, or to adopt for the future the competitive system (with such modifications as may be found expedient), and to limit the number of successful candidates to the number of vacancies which may be previously notified to exist in the several grades. Before finally determining the course to be adopted, His Honor will await the result of the next examination under the rules which have already been published. In the meantime, the standard of proficiency to be exacted at the next examination must be raised; and while candidates who gained one-third marks in each paper and half marks on each subject were passed on previous occasions, on this one it will be an instruction to the examiners to require two-third marks in each paper and subject from the candidates for both the higher and the lower grades.

NOTIFICATION.

The 17th August 1874.—Under the provisions of Section 83, Act V (B.C.) of 1870 (An Act to appoint Commissioners for making Improvements in the Port of Calcutta), the following additional Bye-law for the landing and delivery of goods at the jetties, as proposed by the Commissioners, is published for general information :—

BYE-LAW No. 14A.

When iron, drainage-pipes, or other goods, from their want of description or want of proper distinguishing marks, or from any other cause, are landed in a mixed condition, the Master or Agent of the vessel will be allowed two clear days to sort and make over the goods to the Commissioners; and until the goods have been made over and the usual receipt granted, they will remain on the wharf at the risk of the vessel. Such goods, if not made over to the Commissioners within the two clear days, will at the expiration of that time be subject to wharf-rent at the schedule rates, the rent incurred being payable by the vessel. After receipt of such goods by the Commissioners, consignees will be allowed two clear days to take delivery before incurring wharf-rent charges. This exemption shall not be extended to goods the consignees of which refuse or neglect to forward their invoices within 24 hours after the vessel commences to discharge.

No. 597.—*Fort William, the 28th August 1874.*—*Notification—Public.*—The Hon'ble A. G. Macpherson, a Judge of the High Court of Judicature at Fort William in Bengal, availed himself, on the 28th ultimo, of the privilege leave granted to him in Notification No. 364, dated the 1st June last.

The following order, issued by the Government of India in the Financial Department, is republished for general information :—

EXPENDITURE—MINT.

The 27th August 1874.

No. 5276.—*Notification*.—The following Resolution is published for general information :—

No. 4692, dated Fort William, the 31st July 1874.

Read the under-mentioned papers on the subject of a scheme for the establishment of a School of Apprentices in Calcutta in connection with the Mint and other Government Establishments employing skilled mechanical labour :—

Letter from the Master of the Calcutta Mint, No. 267, dated the 21st June 1874, and its enclosure.

Financial endorsement No. 3220, dated 20th September 1873, forwarding the above letter to the Public Works Department for previous consideration.

Endorsement from Public Works Department, No. 249 E.G., dated 17th February 1874, forwarding a communication from the Military Department.

Memorandum by Master of the Mint, No. 270, date 22nd May 1874.

RESOLUTION.—The Governor-General in Council approves, generally, of the scheme proposed by the Mint Master, and is pleased to nominate the following gentlemen as a Committee to consider the details of the scheme, and to submit definite estimates of cost, &c. :—

Colonel Hyde,

Gastrell,

Captain Eckford,

Mr. MacGregor, Engineer of the Dockyard.

and an officer conversant with irrigation works, to be appointed by the Government of Bengal.

The Committee should not confine their consideration to sons of soldiers or to boys brought up in the Lawrence Asylum and other kindred institutions; they should ascertain full particulars of the system followed in regard to Apprentices at the Soane Works* at Dehree, and also the system pursued in the Madras Ordnance Establishments, both of which

institutions have, it is understood, proved successful. The Superintendent of the Futtehghurh Gun Carriage Factory will, it is believed, be able to supply the Committee with much useful information.

ORDER.—Ordered that a copy of the foregoing Resolution be forwarded to the Departments noted in the margin for further orders, and for communication to the Members of the Committee who are under the control of those Departments; to the Mint Master, Calcutta, for information; and to the Government of Bengal, for communication to the Chief Engineer of the Dockyard at Calcutta, and for the purpose of nominating a Member for the Committee conversant with irrigation works.

PHYSICAL GEOGRAPHY AND SURVEY EXAMINATION.

CIRCULAR.

IN accordance with paragraph 10 of the Junior Scholarship Rules promulgated by the Resolution of His Honor the Lieutenant-Governor, dated 5th October 1872, an examination of candidates for Junior Scholarship, who desire to obtain the certificates of qualification in Drawing, Surveying, and Physical Geography, will be held in the Kishnaghur College, Jessore Zillah School, and Senate House, Calcutta, on the 6th October 1874.

2. There will be set one paper in Surveying and Plotting at 10-30, and one paper in Physical Geography at 2, on the same day. Two and a half hours will be allowed for each paper. Specimens of the Survey work and of the Drawings done during the year will be submitted as directed in paragraph 5 below. There will be no separate examination paper set in Drawing.

3. A fee of one rupee will be paid by each candidate to the Head Master of the School to which he belongs; the Head Master will send nominal lists of candidates who have paid the fees to the Inspector of Schools, Presidency Circle, No. 22, Chowringhee Road, on or before the 20th September.

4. The candidates must be furnished with certificates of having paid their fees, and produce them to the Officer in charge of the examination at each centre, in order to be admitted to it. But the Officer in charge may admit any other boys he thinks fit to the examination.

5. Each candidate will deliver in the course of the day (at such time as may be convenient to the Officer in charge of the examination) the specimens of his Survey work and Drawings done during the year. The Officer in charge of the examination will see that each sheet of the specimens submitted is signed by the Head Master of the candidate's school, which will be understood as the Head Master's certificate that the sheet so signed is the genuine work of the candidate.

6. For the Surveying paper, each candidate will be allowed to bring into the examination hall a scale, a ruler, a protractor, and a pair of compasses with pencil leg.

7. The examination at each centre will be superintended by the following officers :—

SENATE HOUSE	...	Babu Mahendra Nath Ray, Deputy Inspector of Calcutta.
		„ Radhikaprassana Mukerjee, Deputy Inspector of 24-Pergunnahs.
		„ Mahendra Nath Datt, a Sub-Inspector of Alipore, and Babu Braja Nath Lahiri.

Candidates from the Moheshpore and Pakour Aided Schools will have the option of appearing either at Bhagulpore or Deoghur.

Candidates should apply for enlistment to the Secretary to the District School Committee in their respective districts at least one month before the day of examination, and should furnish from the Head-Masters of their schools certificates regarding the specimens of their survey work and drawing. The examination fee of one rupee should be realized by the Head-Masters before granting the certificates.

S. P. CHATTERJEE, *for Offg. Commissioner.*

IN accordance with the Resolution of Government, published in the *Calcutta Gazette* of 7th January 1874, paragraph 26, a special class will be established at the Presidency College for a (4) four months' Course from 15th September to 15th January next, provided 25 candidates enroll themselves for admission before the former date. An entrance fee of Rs. 5, with a monthly fee of Rs. 3, is required to be paid by each candidate on admission. No admission to this special class can be made after the 15th September.

CHARLES H. TAWNEY,

Offg. Principal, Presidency College.

The 22nd August 1874.

CANDIDATES for admission to the special class of the Native Subordinate Civil Service, to be opened on the 15th of September next, are requested to apply to the undersigned before the 10th September, and to furnish certificates showing the number of years they have been in Government employ.

PATNA COLLEGE, the 22nd August 1874.

J. W. MCCRINDLE, *Principal.*

THE 6th and 7th of October are the dates fixed for the examination of Candidates for Junior Scholarships, who are prepared to qualify in Physical Geography, Surveying, and Drawing.

The following instructions are issued for the guidance of Masters and Candidates:—

1. Candidates from schools in the districts of Hooghly, Howrah, and Burdwan, will present themselves for examination at the Hooghly Normal School. Candidates from schools in the districts of Midnapore, Beerbhoom, and Bankoora, will present themselves at the Midnapore High School and the respective zillah schools.

2. A fee of one rupee will be paid by each candidate to the Head Master of the School to which he belongs. The Head Master will send a nominal list of candidates who have paid fees to the Inspector of Schools, Western Circle, Chinsurah, before the 10th of September, and will credit the fees collected to the school funds.

3. Each Candidate presenting himself for examination must be provided with a certificate of having paid the prescribed fee, and of having studied twelve months at the school from which he presents himself.

4. Head Masters on or before the 1st of October will despatch to the address of Mr. W. H. Wells, C.E., Chinsurah, in registered covers, specimens of each Candidate's survey work and drawing. Each set of specimens should consist of two sheets of drawing, and three specimens of survey work executed with (1) the chain only, (2) with the compass and plane table, and (3) with field-book and compass. The signatures of the Head Master and Survey Master must be attached to each specimen, and it will be understood that the specimens so signed are the genuine work of the Candidate.

5. For the survey paper each Candidate will be allowed to bring into the examination room a scale, a ruler, a protractor, and a pair of compasses.

6. The examination will commence at 11 A.M. each day, and three hours will be allowed for each paper.

The 27th August 1874.—The following Circular, issued by the Comptroller-General, is published for general information :—

No. 533, dated Calcutta, the 3rd August 1874.

From—H. A. MANGLES, Esq., Officiating Comptroller-General,
To—All Accountants-General.

From replies which have lately come to hand from various parts of India, it appears to be advisable to put before District Treasury Officers, in a concise form, the various concessions which have been granted by the Government of India in order to make the Paper Currency more generally convertible and so more popular.

2. They are—

- (1) That the notes of a Paper Currency Circle should be cashed at every Treasury (district or sub-divisional) within the Circle up to the available means of the Treasury, *i.e.*, to whatever extent they can be cashed without embarrassing the Treasury.
- (2) That notes of all Presidencies and Circles should be received at every Treasury (district or sub-divisional) in payment of Government demands, and should be cashed at every Treasury (district or sub-divisional) for the convenience of travellers.
- (3) That notes which in this way or otherwise reach a Government Treasury should be freely issued in exchange for coin or in discharge of Government obligations.

3. It has frequently been represented that difficulties have been thrown in the way of persons desirous of obtaining cash for notes at treasuries, and even that commission has been demanded for the accommodation. To prevent any possibility of such complaints in future, a form of notice in English and the Vernacular should be hung in some conspicuous place, so that all may see whether the accommodation is available.

4. To remove all possibility of complaint on the part of Officers in charge of sub-divisional treasuries of the risk incurred in cashing notes to the public, it is suggested that each subordinate treasury be provided with a new home circle note of each denomination with which to compare all notes presented for encashment. These notes would of course form part of the Officer's cash balance, but they should not be considered as available for issue to the public or for remittance to the Sudder treasury.

5. Treasury Officers should be reminded that although it is the rule and is desirable to register the name of the person from whom a note of Rs. 50 or upwards is received, or to whom it is paid, yet that the rule should be complied with only when the name of the presenter or receiver is known or is voluntarily given. The Government of India has directed that Treasury Officers must not demand such information, nor put any questions to parties tendering or receiving notes.

6. In the Resolution of the Government of India on the operations of the Paper Currency Department during the year 1871-72, the President in Council noticed "with satisfaction" the remarkable increase of note transactions at Government Treasuries in the interior during that year. It should, however, be remarked that though considerable progress was made in that year's transactions as a whole, yet that little has been done as yet in this direction out of Lower Bengal and Madras, and that, therefore, great opportunities are still open to Treasury Officers in the North-Western Provinces, Oudh, Punjab, Bombay, Central Provinces, and British Burmah, to meet the wishes of Government.

7. By the latest published figures the increase during the last four years has been—

At Treasuries under Government of India	2 lakhs.
" " in Lower Bengal	412 "
" " in N.-W. Provinces	73 "
" " in Oudh	14 "
" " in Punjab	22 "
" " in Madras	153 "
" " in Central Provinces	24 "
" " in British Burmah	9 "
" " in Bombay, a decrease of 87 lakhs.

NOTIFICATION.

The 26th August 1874.—Under the provisions of Section 11 of Act VII of 1864, the Lieutenant-Governor of Bengal has been pleased to direct that the following rule be substituted for Rule 32A, at page 8 of the Salt Manual, issued under date the 13th July 1870. The present rule is therefore notified for general information :—

Rule.—"If salt originally intended to be taken out of the excepted limits described in clause 4 of the Government Notification at page 2 of the Manual under a special pass be landed in such limits for the convenience of the trade, the alteration in the destination must be reported to the Board's Office, and the special Rowannah returned within 48 hours from the time that the salt was landed. The owner, however, shall be at liberty to refer to it in taking out protective documents for such portion of the salt as he may subsequently determine on removing within limits. Should a portion only of the salt originally covered by the special Rowannah be landed or sold in the aforesaid excepted limits, an exchange Rowannah, after the manner provided in Section 28 of these rules, must be taken out to cover the remaining portion of the salt which goes out of such limits. Any person failing to comply with the provisions of this rule as regards the return, within the period of 48 hours, to the Office of the Board of Revenue, of the special Rowannah in the case hereinbefore mentioned, in which this document is no longer required as a protection for the salt specified therein, shall be liable to a fine not exceeding Rs. 500."

"Certificates taken out for the removal of salt from shipboard, or from bonded golas, to places within the excepted limits, must also be returned to the Board's Office within 48 hours from the time the salt is landed in such places; and the holder of any certificate who fails so to return it, shall be liable to a fine not exceeding five hundred rupees."

RESOLUTION.

GENERAL DEPARTMENT.

SECTION B.

Calcutta, the 22nd August 1874.

READ—

Resolution in the Financial Department of this Government, dated 22nd April 1873, regarding the provision of executive establishments to sub-divisions.

Rules for the Instruction and Examination of Candidates for the Native Civil Service, dated 22nd April 1873.

Report by the Superintendent of the Subordinate Civil Service Examination of the result of the examination held in March last at Hooghly, Patna, Dacca, Cuttack, and Gowhatty.

This office letter to the Director of Public Instruction, dated 10th October last, prescribing the revised rules for the Native Civil Service Examination of 1865, and for the regulation of the Native Civil Service Classes.

Lists of the candidates who passed at the Native Civil Service Examinations which were held during the month of March last at Hooghly, Patna, Dacca, Cuttack, and Gowhatty, have already been published in the *Calcutta Gazette*.

2. Of 423 candidates who obtained permission, 385 actually appeared and were examined. Of these 67 were declared by the examiners to have passed in the higher grade and 132 in the lower grade. One more candidate has been passed in the lower grade on the recommendation of the Superintendent of the Examinations. The total number of passed candidates is 200.

3. Of the candidates who passed in the lower grade, nine having passed with distinction, have been placed, at the special recommendation of the Superintendent of the Examinations, in the higher grade, making a total of 76. Of these 38 having fulfilled the requirements of paragraph 4, Part II, of the Rules for the Instruction and Examination of Candidates for the Native Civil Service, dated 22nd April 1873, have been placed in Class I and declared eligible for all appointments in the Subordinate Civil Service. The remaining 38 candidates have been placed in Class II, and will become eligible for all such appointments on their serving for one year in appointments of less value than Rs. 100 per mensem, for which they are now declared qualified.

4. The remaining 123 who passed in the lower grade, and the one who has been specially so passed, have been placed in Class III, and are declared qualified to hold appointments of less value than Rs. 100 per mensem.

5. The Commissioners to whose divisions the second class men of the examinations of 1873 were allotted, have been desired to report on their qualifications. If they are found deserving, they will be declared to be eligible for all appointments.

6. Two of the candidates who have passed in the first class are natives of Assam, and are anxious for employment in that province. Their cases will be brought to the notice of the Chief Commissioner of Assam, and a copy of Mr. Grimley's remarks regarding these two candidates in paragraph 6 of his report will be forwarded for the information of the Chief Commissioner.

7. Baboo Nundkishore Dass, Deputy Magistrate and Deputy Collector, and Bhoonya Abdoor Ruhman Khan, Sub-Deputy Collector in Orissa, who were appointed to their respective offices subject to passing the Native Civil Service Examination, and have passed in the higher grade, are now confirmed in their appointments.

8. The Superintendent of the Examinations recommends that a silver medal be awarded to Baboo Lolitmohun Dhur, the first on the list of the passed candidates. The Lieutenant-Governor has already, in recognition of the merits of this native gentleman, conferred on him an appointment of acting Deputy Magistrate and Deputy Collector, and he considers this, under the circumstances, the more appropriate form of reward.

9. Another passed candidate of this year, Baboo Omoollo Churn Mullick, who was formerly a member of the Subordinate Executive Service, but removed for failure to pass the departmental examinations within the prescribed time, has, in accordance with the promise held out to him at the time of his removal, been appointed to act as a Deputy Magistrate and Deputy Collector.

10. Forty other candidates have been appointed temporary Sub-Deputies or Relief Superintendents in connection with the present famine relief operations, since the date of the examination.

11. The following is an abstract of the allotment which has been made of the passed candidates, exclusive of the two passed candidates who will be recommended to the Chief Commissioner of Assam:—

Division.	1st class candidates.	2nd class candidates.	3rd class candidates.
Burdwan	5	5	14
Presidency	6	6	13
Rajshahye	6	8	13
Cooch Behar	1	0	4
Dacca	4	4	12
Chittagong	2	4	10
Patna	5	3	25
Bhagulpore	3	3	15
Orissa	2	2	7
Chota Nagpore	2	3	11
Total	36	38	124

12. A list showing the names of the candidates allotted to the different divisions has been already circulated with this office Circular No. 12E, dated the 14th instant. They are recommended to report themselves to the Commissioners of the divisions to which they are assigned. Any candidates who wish to exchange by mutual arrangement with other candidates placed in the allotment list, may jointly apply to Government for permission to do so within a month of the publication of this resolution. Commissioners who have exhausted their own lists may select men from the other lists with the consent of the Commissioner to whom the candidate has been allotted.

13. The attention of Commissioners is drawn to the following extract from the Native Civil Service Examination Rules now in force:—"Lists of successful examinees will be published in the *Gazette*, so that Commissioners, Magistrates, and Educational Committees, may select for ministerial or other appointments passed candidates for whom vacancies in the Native Civil Service may not be immediately available."

14. Detailed lists showing the past service, the University or other attainments of each candidate, and the special subjects in which he passed, will be forwarded to Commissioners.

15. Unpassed candidates who were temporarily admitted to appointments pending the result of the late examination, or who were appointed subject to passing at that examination, and have failed to do so, should be now replaced

by passed men. The attention of all Commissioners of divisions is requested to this order.

16. It is to be understood that the appointments which have been made or may be made of men who have never before served Government are on probation for a year, and that their confirmation will depend on the practical efficiency shown by them. The District Officers will report on this point through the Commissioner after the expiry of a year. Their attention is drawn to paragraph 18 of the Resolution in Financial Department of 22nd April 1873. The reports now overdue should be submitted at an early date to the address of the Secretary to this Government in the General Department, Section B.

17. The Superintendent of the Examinations has recommended that thirty-seven of the candidates who have failed, but who have attained the passing standard of marks in certain subjects, may, if they appear at the next examination, be exempted from examination in those subjects. The proposal is, however, opposed to the principle on which these examinations have been hitherto conducted, and does not commend itself to the Lieutenant-Governor.

18. Mr. Grimley has also suggested that Messrs. Swinden, Babanau, and Lloyd, be considered qualified for appointments in the Opium Department, as they have succeeded in passing in some of the subjects which are obligatory for opium candidates. There are, however, other considerations which regulate the special nominations required under the rules for opium appointments, and the Lieutenant-Governor is not prepared to adopt the proposals made in favor of these gentlemen. Their success in the subjects in which they have passed qualify them for the general service, but gives them no claim to be admitted to the Opium Department.

19. As explained in the letter to the Board of Revenue, No. 1157G, dated 28th October 1872, candidates for opium appointments are required to pass in—

- | | |
|----------------|-------------------------------------|
| 1. English. | 4. Law (opium laws and rules, &c.). |
| 2. Vernacular. | 5. Chemistry. |
| 3. Surveying. | 6. Botany. |

They are not required to pass in engineering or drawing. Apparently there has been some confusion from a misunderstanding of the rules in the recent examinations. In future when special permissions are given to candidates for the Opium Department, they will be informed of the rules which regulate their examination.

20. Mr. J. W. H. Dalrymple Clark, who was appointed to act as Assistant Superintendent of Police, subject to passing the examination for police appointments, has passed very successfully in criminal law, but has failed in other subjects. He was only nominated in November last, and has had but little time for preparation. He has lately been employed on distant duty in connection with the famine relief operations in Julpigoree, and under these circumstances will retain his present acting appointment subject to the results of the next examination.

21. The total amount of fees received from candidates at the late examinations is Rs. 9,060. The sum of Rs. 3,704-5-3 has already been disbursed, debitable to the receipts on account of fees. The propositions submitted by Mr. Grimley for remunerating the examiners and other gentlemen who have assisted in the late examinations are sanctioned. In addition, it is necessary to provide some remuneration for Mr. Grimley for his share of the work performed by him as Superintendent of the Examination subsequent to the date of his assuming charge of the office of Secretary to the Board of Revenue on the 13th April, when the special allowance, which he had drawn at the rate of Rs. 1,000 a month from the 15th January last, ceased. Mr. Grimley's labors have not been light, and he has performed the duty very satisfactorily. The Lieutenant-Governor is pleased therefore to pass to him a further remuneration of Rs. 500 a month for two months from the 13th April last. The further expenditure thus sanctioned amounts in all to Rs. 4,503, and is shown in detail in the statement appended to this Resolution.

22. The thanks of Government are due to Mr. Grimley and to the gentlemen who were associated with him in conducting the examination; and the Lieutenant-Governor has much pleasure in acknowledging the services which have been again rendered in the matter by Messrs. Sutcliffe and Thwaytes and by other gentlemen in the Educational Department.

23. The Lieutenant-Governor regards the general outturn of these examinations with satisfaction, as showing that the system is duly appreciated by the educated classes, and that increasing numbers are endeavouring to qualify themselves by study and experience.

24. But it must be borne in mind that the result of the past examination, and of those which were held on two previous occasions, has been to render 376 gentlemen eligible for appointments. The appointment to sub-divisions for the first time of subordinate executive officers has enabled Government already to provide almost all those passed on previous occasions with suitable posts, and in this year the necessities of the famine have rendered available a considerable number of appointments for the men who have passed this year's examination. In the future, however, the requirements of the Government service will be on a much smaller scale. Including temporary and officiating appointments, the approximate number of officers of the higher grade in the services for the supply

of which these examinations were specially organized is 375, as in the margin. Excluding temporary posts, there are only 100 appointments of the lower grade of such a character as passed candidates would be likely to accept in

the sub-divisional establishments. To these must be added whatever appointments Magistrates and Educational Committees may put at their disposal. Taking all these into account, it is not likely that the number of vacancies in appointments of both grades will exceed 15 on an average yearly. And it is to be remembered that under the rules it has been distinctly laid down that a passed candidate is not entitled by his success to an appointment under Government, but is only eligible for such appointments as vacancies arise. It is not, therefore, absolutely obligatory that all the appointments which may fall vacant shall be conferred on the gentleman selected from among the passed candidates. The selection of Government is not entirely limited to the list of those who have succeeded at these examinations. The Lieutenant-Governor though quite desirous of maintaining the principle of the existing rules, yet deems it expedient to state these circumstances, lest expectations should arise to an extent which Government may be unable to fulfil.

25. From what is above stated, it appears that already there are many more passed candidates for appointments on the Government lists than Government can ordinarily hope to provide for in the next two years. In the rules which have already been published for the examination which is to be held in the early part of next year, some provision has been made with a view to reduce the number of those who can present themselves for examination, and further proposals have been made for effecting this in a greater degree eventually. The Lieutenant-Governor apprehends that it may become necessary to make some limitation of the rule under which candidates obtaining a certain number of marks on different subjects are qualified for appointments, or to adopt for the future the competitive system (with such modifications as may be found expedient), and to limit the number of successful candidates to the number of vacancies which may be previously notified to exist in the several grades. Before finally determining the course to be adopted, His Honor will await the result of the next examination under the rules which have already been published. In the meantime, the standard of proficiency to be exacted at the next examination must be raised; and while candidates who gained one-third marks in each paper and half marks on each subject were passed on previous occasions, on this one it will be an instruction to the examiners to require two-third marks in each paper and subject from the candidates for both the higher and the lower grades.

CIRCULAR.

In accordance with paragraph 10 of the Junior Scholarship Rules promulgated by the Resolution of His Honor the Lieutenant-Governor, dated 5th October 1872, an examination of candidates for Junior Scholarship, who desire to obtain the certificates of qualification in Drawing, Surveying, and Physical Geography, will be held in the Kishnaghur College, Jessore Zillah School, and Senate House, Calcutta, on the 6th October 1874.

2. There will be set one paper in Surveying and Plotting at 10-30, and one paper in Physical Geography at 2, on the same day. Two and a half hours will be allowed for each paper. Specimens of the Survey work and of the Drawings done during the year will be submitted as directed in paragraph 5 below. There will be no separate examination paper set in Drawing.

3. A fee of one rupee will be paid by each candidate to the Head Master of the School to which he belongs; the Head Master will send nominal lists of candidates who have paid the fees to the Inspector of Schools, Presidency Circle, No. 22, Chowringhee Road, on or before the 20th September.

4. The candidates must be furnished with certificates of having paid their fees, and produce them to the Officer in charge of the examination at each centre, in order to be admitted to it. But the Officer in charge may admit any other boys he thinks fit to the examination.

5. Each candidate will deliver in the course of the day (at such time as may be convenient to the Officer in charge of the examination) the specimens of his Survey work and Drawings done during the year. The Officer in charge of the examination will see that each sheet of the specimens submitted is signed by the Head Master of the candidate's school, which will be understood as the Head Master's certificate that the sheet so signed is the genuine work of the candidate.

6. For the Surveying paper, each candidate will be allowed to bring into the examination hall a scale, a ruler, a protractor, and a pair of compasses with pencil leg.

7. The examination at each centre will be superintended by the following officers:—

SENATE HOUSE	...	Babu Mahendra Nath Ray, Deputy Inspector of Calcutta.
		„ Radhikaprasana Mukerjee, Deputy Inspector of 24-Pergunnahs.
		„ Mahendra Nath Datt, a Sub-Inspector of Alipore, and Babu Braja Nath Lahiri.

C. B. CLARKE, M.A., *Offg. Insp. of Schools, Presidency Circle.*

No. 22, CHOWRINGHEE ROAD, the 26th August 1874.

In accordance with the Resolution of Government, published in the *Calcutta Gazette* of 7th January 1874, paragraph 26, a special class will be established at the Presidency College for a (4) four months' Course from 15th September to 15th January next, provided 25 candidates enroll themselves for admission before the former date. An entrance fee of Rs. 5, with a monthly fee of Rs. 3, is required to be paid by each candidate on admission. No admission to this special class can be made after the 15th September.

The 22nd August 1874.

CHARLES H. TAWNEY,
Offg. Principal, Presidency College.

THE 6th and 7th of October are the dates fixed for the examination of Candidates for Junior Scholarships, who are prepared to qualify in Physical Geography, Surveying, and Drawing.

The following instructions are issued for the guidance of Masters and Candidates:—

1. Candidates from schools in the districts of Hooghly, Howrah, and Burdwan, will present themselves for examination at the Hooghly Normal School. Candidates from schools in the districts of Midnapore, Beerbhoom, and Bankoora, will present themselves at the Midnapore High School and the respective zillah schools.

2. A fee of one rupee will be paid by each candidate to the Head Master of the School to which he belongs. The Head Master will send a nominal list of candidates who have paid fees to the Inspector of Schools, Western Circle, Chinsurah, before the 10th of September, and will credit the fees collected to the school funds.

3. Each Candidate presenting himself for examination must be provided with a certificate of having paid the prescribed fee, and of having studied twelve months at the school from which he presents himself.

4. Head Masters on or before the 1st of October will despatch to the address of Mr. W. H. Wells, C.E., Chinsurah, in registered covers, specimens of each Candidate's survey work and drawing. Each set of specimens should consist of two sheets of drawing, and three specimens of survey work executed with (1) the chain only, (2) with the compass and plane table, and (3) with field-book and compass. The signatures of the Head Master and Survey Master must be attached to each specimen, and it will be understood that the specimens so signed are the genuine work of the Candidate.

5. For the survey paper each Candidate will be allowed to bring into the examination room a scale, a ruler, a protractor, and a pair of compasses.

6. The examination will commence at 11 A.M. each day, and three hours will be allowed for each paper.

CENTRAL RELIEF FUND.

Proceedings of the 21st Meeting of the Executive Committee of the Central Relief Committee, held on the 29th July 1874.

PRESENT:

The Hon'ble John Inglis, C. S. I., *Chairman.*

The Hon'ble J. R. Bullen Smith.
The „ T. M. Robinson.

The Hon'ble Rajah Jotendro Mohun Tagore.
Monshee Amir Ali, Khan Bahadoor.

1. The proceedings of the last meeting were read and confirmed.

2. The Chairman read a letter from His Honor the Lieutenant-Governor of Bengal, accepting the proposals of the Committee as contained in their resolution of the 6th of July last, on the question of the applicability of their funds to the purchase of Government grain expended in charitable relief in the very distressed districts.

Resolved—That as the Government's letter was written before the resolution of the 14th July had been communicated, His Honor be asked whether he would wish to make any further suggestions with reference to the later resolution which renders the Committee liable to a much heavier expenditure than does that of 6th July. The Committee are unwilling to pledge themselves to the expenditure called for under His Honor's letter till they know the extent of their liabilities under the resolution of the 14th July. The Committee trust that His Honor will favor them with information on this point.

3. The Chairman read a letter from the Government of Bengal to the address of the Commissioners of the divisions concerned, intimating that the Committee's funds will not bear the cost of Government grain expended in charitable relief in the districts of Tirhoot, Chumparun, North Bhagulpore, Dinagepore, Rungpore, and Maldah.

Resolved—That the letter be recorded.

4. The Chairman produced the latest cash accounts and statements of persons relieved in the following districts, viz.—

Bankoora.
Howrah.
Chumparun.

Gya.
Hazareebagh.
Lohardugga.

Also forecasts of requirements from the Relief Commissioner in the Rajshahye Division; the Bhagulpore Division, the Patna Division, the Rajshahye District, the Manbhoom District.

Resolved—That these be abstracted.

5. The Chairman read two applications for aid for the destitute in Calcutta. Mr. Stuart Hogg applied for Rs. 50,000 in behalf of the District Charitable Society, and His Grace Archbishop Steins applied for Rs. 3,090 to enable him to carry on 3 charitable institutions for the next 3 months. In both applications it was represented that owing to

the famine the number of persons seeking and requiring relief was very considerably increased, while, owing to high prices, the societies' means of affording relief were materially contracted. Thus, while the number of the destitute in the metropolis was abnormally great, the amount of relief afforded was abnormally small, and many people in great need of help had to be sent away without it. As this state of things was immediately due to the famine, application for relief was made to the Famine Relief Committee.

Resolved—That the sum of Rs. 1,030 be remitted to His Grace Archbishop Steins, with a request that he will apply again should he need further sums after this amount was expended.

That the sum of Rs. 10,000 be remitted to Mr. Hogg for the District Charitable Society, with a request that he will favor the Committee with a further account of the extent and scope of the Society's operations, when the question of making a further grant will be considered.

6. The Chairman also read applications for aid in money from Mr. Hills, of Banda, in the North-Western Provinces, and from the Commissioner of Fyzabad, in Oudh.

Resolved—That these gentlemen be referred to the Central Committees in the North-Western Provinces and Oudh, respectively, and that if those committees consider the relief asked for to be necessary, and have not funds available for the purpose, this Committee will, in accordance with their resolution of the 11th May 1874, at once remit what is required.

7. The Chairman read an application from the Revd. Mr. Delplace, of the Roman Catholic Mission in the Soonderbunds, for the relief of certain villages in his neighbourhood.

Resolved—That the Revd. Mr. Delplace be asked to make his application through the Relief Committee, or the Commissioner of his district.

8. The Chairman read a letter from the Commissioner of Burdwan showing the measures adopted by that officer in the case of the fever-stricken poor of his division. The Commissioner mentioned that he had been ordered to observe, as a general rule, that when relief was required in the form of subsistence only, that subsistence was to be given in food, and not in money to buy food. He expressed a hope that the Committee would ask Government to relax the restriction as to cash payments sufficiently to allow him to make them at his discretion.

Resolved—That the Commissioner be informed that it does not come within the Committee's province to address the Government on such a subject.

9. The Chairman read a letter from the East India Famine Relief Fund Sub-Committee of Bombay advising a remittance of Rs. 20,000.

Resolved—That the remittance be suitably acknowledged.

Proceedings of the 22nd Meeting of the Executive Committee of the Central Relief Committee, held on the 5th August 1874.

PRESENT:

The Hon'ble John Inglis, C.S.I. | The Hon'ble Rajah Jotendro Mohun Tagore.

1. The proceedings of the last meeting were read and confirmed.

2. The Chairman read a letter from the Collector of Monghyr, forwarding the sum of Rs. 8,845-9-3 in part payment of a contribution of Rs. 9,000 from Koomar Shew Prosad Sing. The Collector asked the Committee to remit Rs. 5,000 of the amount to Tirhoot, in accordance with letter of the Government of Bengal No. 235T.F., dated 14th May 1874.

Resolved—That the Collector be informed that the money is returned to him, as it is not contributed to the funds at the disposal of the Committee, but for the special purpose of relieving the people of the Tirhoot and Monghyr districts. The money therefore should have been remitted to the Local Relief Committees at Monghyr and Mozufferpore.

3. The Chairman read a letter from the Government of Bengal supporting a recommendation of the Commissioner of Patna that grain expended in charitable relief by the Hutwa Estate, in Sarun, should be charged against the Committee's funds at the following rates, viz.—Rice at 9 seers per rupee, gram at 11½ seers, and mixed grain at 12½ seers.

Resolved—That the Commissioner of Patna be asked to explain on what principle the Committee's funds are to be charged for grain charitably expended by the estate of the Hutwa Rajah.

4. The following applications were laid before the meeting, viz.—

	Rs.
From the Collector of Midnapore	2,000, for August.
" " of Tirhoot	50,000, for July.
" " of Sarun	1,00,000, for August and September.
" " of Chumparun	15,000
" " of Beerbhoom	16,000, for August.
" " of Bankoora	33,000, for July and August.
" " of Burdwan	1,50,000, for August.
" " Commissioner of Patna	500, for August.
Total	3,66,500

The Collector of Tirhoot intimated that he would require Rs. 50,000 a month for three more months.

Resolved—That these applications be granted.

5. The Chairman laid before the meeting the cash accounts and statements of persons relieved during June in the districts of Midnapore and Beerbhoom.

Resolved—That these be abstracted and recorded.

6. The Chairman read a letter from Colonel Puckle, of the Bangalore Relief Committee, enclosing, as a further contribution to many previously received, a transfer receipt for Rs. 214-7, being the closing remittance.

Resolved—That the Secretary convey to Colonel Puckle the thanks of the Committee for the exertions of himself and other members of the Bangalore Committee.

7. The Chairman laid before the meeting a bill for Rs. 3-1 incurred for postage in transmitting the Committee's correspondence.

Resolved—That the bill be passed.

The 14th September 1874.—The following Notification is published for general information, in continuation of the Notification dated the 19th March 1872 :—

NOTIFICATION.

The Lieutenant-Governor has been pleased to direct that the rules regarding the management of treasuries and accounts will form a subject of the departmental examinations in future for the Higher Standard.

The list of subjects in which the examination will be held with the aid of books is therefore amended as follows :—

All the Acts of Parliament relating to India, Acts of the Government of India, Bengal Regulations, and Bengal Acts; Circulars of Bengal Government, the High Court, the Comptroller-General, the Accountant-General, and the Board of Revenue, of the Inspectors-General of Police, Jails, and Registration.

This rule will have effect at the first examination in 1875.

NOTIFICATION.

The 14th September 1874.—It is hereby notified for general information that, under the provisions of Section 11, Act VII (B.C.) of 1864, the Lieutenant-Governor has been pleased to direct that the following rule be added as Rule 32B to the rules prescribed in the Salt Manual, issued under date the 13th July 1870 :—

Rule 32B.—Within twenty-four hours after the completion of deliveries of salt from board-ship upon rowannahs and certificates, the holders thereof must present them at the Board's Office for the purpose of having the endorsements, made on them by the Preventive Officers, examined. Chellans will then be granted, with regard to such rowannahs as would require them, according to Section 34 of the Rules. This rule will not prevent salt merchants removing their salt-laden boats from the ship's side to safe and convenient places in the river, under the boat-notes previously granted by the Preventive Officers. Any person failing to comply with the provisions of this rule shall be liable to a fine not exceeding Rs. 100.

RESOLUTION.

SCARCITY AND RELIEF DEPARTMENT.

Calcutta, the 4th September 1874.

READ a statement showing the works of public utility constructed by private individuals in the several districts of Bengal during the year 1873.

RESOLUTION.—The Lieutenant-Governor is glad to find that the number and value of works constructed by private individuals for the public benefit in Bengal has increased greatly during the last few years.

The statements showed—

						Rs.
For the year	1871,	46	works	costing	...	54,800
"	1872,	69	do.	do.	...	80,600
"	1873,	163	do.	do.	...	1,69,715

These figures do not include the large sums which Khwajeh Abdool Ghunne and his son have given for the Dacca water-works, nor the cost of the great bridge which Baboo Soorjee Kant is building on the Mymensingh and Moortagachia road; nor the hundreds or even thousands of excellent works of tank improvement which have been undertaken during the last nine months by zemindars in the distressed districts.

2. Out of the whole expenditure the sum of Rs. 1,14,731 has been spent on tanks and wells, the object of which is to improve the local supply of drinking-water. The Lieutenant-Governor is specially glad to find that the zemindars and other wealthy persons of Bengal are spending their money on public works of this kind, for he believes that a supply of pure and wholesome drinking-water is a great want, if not the chief want, in most districts of Bengal, and especially in the tracts which have been visited by endemic fever.

3. The thanks of the Government of Bengal are tendered to each of the gentlemen named in the appended list. The Lieutenant-Governor hopes that

the list may in future years be much longer, and that great rich districts, such as the 24-Pergunnahs, Jessore, Cuttack, Backergunge, Bhagulpore, Monghyr, Dinagepore, and the districts of the Patna Division, which are now conspicuous by their absence, will appear in future lists.

4. Copy of this Resolution and of the appended statement will be published in the *Calcutta* and *Bengalee Gazettes*, and copies with translations should be forwarded by the Divisional Commissioners to each of the gentlemen named in the list.

By order of the Lieutenant-Governor of Bengal,

C. BERNARD,

Offg. Secy. to the Govt. of Bengal.
